BREWOOD CE (C) MIDDLE SCHOOL

A Specialist School For Science and Maths

December 2017

Dear Parent/Guardian,

Year 5 are currently studying the Earth, Sun and Moon topic in Science.

In order to further support their studies, I have arranged for the Space Dome to come into school on Monday 15th January so the children can experience the Dome and learn more about space.

The Stardome is a portable planetarium that allows us to present a fully immersive experience using 360 degrees of projection.

The Dome will arrive in school and each Year 5 class will have a slot of 45 minutes inside the Dome. There will be a film shown which investigates whether there is indeed other life out there both in our solar system and beyond.

In order for this activity to run, there will be a voluntary contribution of £3 which will be payable by Parentpay only. Access to pay this money will be open by the end of this week and there will be a text sent out to inform you.

Thank you for your support with this matter as we know this will be an interesting and engaging activity for the year 5.

Yours faithfully

Mrs N Kimber
Leader of Science

Mr D I Swift
Executive Headteacher
